INTRODUCTION

HEAVEN'S GATE ENGINEERING was established in January, 2009 as a civil engineering firm. Since then our primary focus has been upon providing multinational service providers with focus on infrastructural development, building construction, civil works, steel fabrication, roads and bridge construction. Through our extensive task history of constructing ventures we have developed a customer service business philosophy. proactive and timely customer service is the backbone of our company. HEAVEN' GATE helps the client's designs, build and logistics through a engineering and material supply resources that are vertically integrated with engineering solutions to optimise their operation by lowering there costs and whilst delivering quality projects. Our emphasis on clear communication and follow-through procedures ensures that client's objectives are top priority in the planning and execution of all our processes.

100% indigenous company with foreign technical partners capable of sending trainees abroad to be specialised on concrete technology roads, bridges, buildings, canal and other civil engineering services.

We are also registered in Canada and fully operational under the business name Heaven's Gate Canada incorporated.

We are partners with MCS Germany on strategic implementation of projects, Mantrac Nigeria on Construction Equipments, BNL of Vietnam on steel fabrication and installation, Miller Forms U.S.A, Guntert & Ziimmerman U.S.A on Concrete Paver Machines and BASF on chemicals and admixtures for concrete.

VISION:

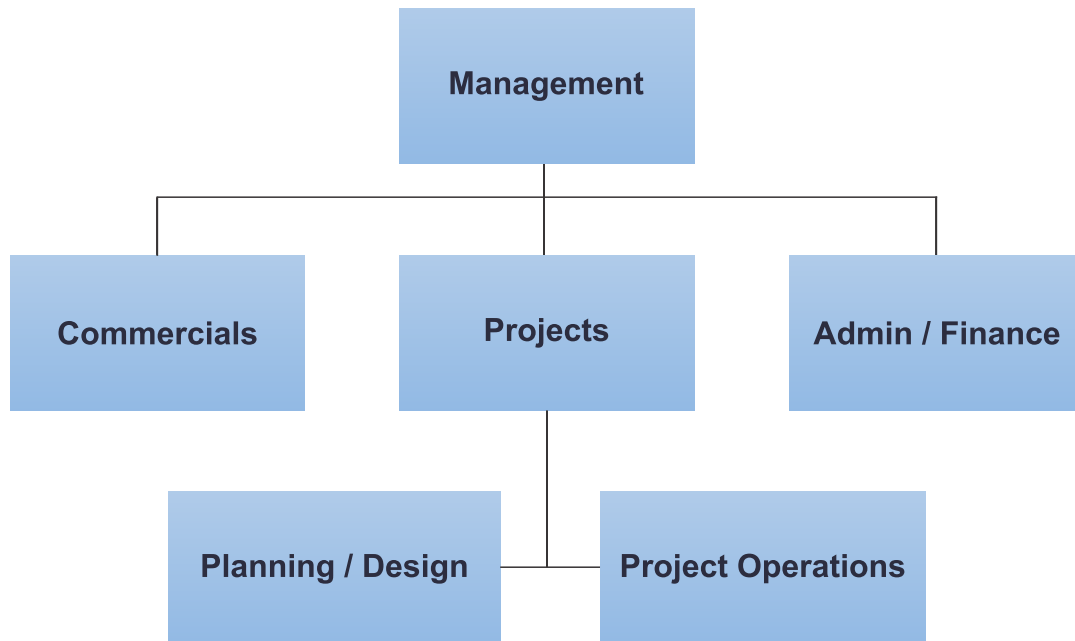

HEAVEN'S GATE ENGINEERING AND CONSTRUCTION LIMITED has a set of vision to become a premier solution provider company providing world leadership in complete engineering and technical solution for the construction and engineering society. We are working to be leader in client satisfaction, innovation and provide superior quality solution with the lowest cost focusing on infrastructural development.

MISSION:

Mission To form long-term relationships of value with our clients and partners, using quality construction and engineering solution and employing the best resource and latest techniques. Objective of Heaven's gate engineering and construction ltd is to provide the highest possible standard of quality and service in the construction industry, giving Clients the best satisfaction through professional approach to projects. The management of HEAVEN'S GATE are committed to operate every aspect of the company to those standards that offer the highest possible quality of service to all clients. This is supported by a progressive management style that encourages the Quality culture throughout the Company.

ORGANIZATION STRUCTURE

OUR MANAGEMENT TEAM:

The management team consists of highly experienced individuals in the construction of industry. They are involved in the business development, procurement, project management and administration of the company.

The management team proactively gathers feedback, identifies changes in business environment, reviews work processes and communicates key learning points and company policy to all staff at regular meetings.

OUR PEOPLE:

Our people are crucial in the delivery of our services and solutions to our clients. In order to ensure that everyone is equipped with the right skill, knowledge and attitude, comprehensive training programs are put in place regularly to constantly upgrade our people in design, technical and management skills.

CORE SERVICES:

HEAVEN'S GATE ENGINEERING AND CONSTRUCTION LTD offers services in engineering design/consultancy, project management & general construction as professional experts in the following area of infrastructural development. These includes

- High Rise Buildings
- Facade/Curtain Wall System Installation
- Wooden Deck Repairs
- Renovation of Buildings
- Bridges
- Concrete Roads
- Asphalt Roads
- Dams & Canals

Dear Sir,

Re: Technical Support Services

As a follow up to our meeting with your good selves, first we would like to thank you for choosing us as a preferred partner and we do really look forward to an ongoing support to you on your various projects.

We believe the quality and pace of formwork on most construction sites is part of the key determinant of the success of construction and we are resolute to ensuring that in this regard Heavens Gate Engineering & Construction Limited is always on top. To this end and based on mutual agreement in principle for such support, we hereby would like to assure you our technical support in terms of formwork and scaffolding services in any of our business models here listed:

- RENTAL
- RENT TO OWN
- OUTRIGHT PURCHASE
- BUY BACK OPTION

We are ready to support you in your project in terms of:

1. Designs
2. Supervision
3. Project Planning

We look forward to a mutually beneficial partnership.

Thank you very much indeed!

Best regards
Niyi Adeyemo
